Connections for Families Society April 2022

Connections for Families – Board of Directors (multiple positions)

Connections was founded in 1990 to help adults with developmental disabilities have full lives, be supported to have relationships and, if they choose and can manage the responsibility, to have a family. Since then, Connections has been dedicated to supporting parents with a cognitive challenge by developing parenting skills education and family support that help adults with developmental disability, Fetal Alcohol Syndrome or brain injury be successful parents.

Currently, the Board is building on its governance structure to include additional volunteers who will work collaboratively to build on the good work of the origination. As a Board member, you will join a group of passionate and energetic members to offer expertise and strategic direction in Connection's mandate. This role will require a minimum two-year commitment, as well as approximately 6-8 hours per month.

Ideal candidates include individuals with expertise in accounting/finance, law, governance, strategy, communications/marketing, information technology, and social service sector.

Equal Opportunity

Connections welcomes applicants with diverse lived experiences. We are committed to equity, diversity and inclusion and recognize that a diverse team benefits and enriches our work and is essential to operational excellence.

To learn more, or to apply, please contact Eunice Bawah at euniceb@connectionsforfamilies.ca.

This opportunity is posted to Governance Professionals of Canada for GPC.D graduates.
